

UAE Fireproof Cable Tray Specifications Manufacturer

AI Overview

Top fire-resistant cable tray manufacturers in the UAE include Unigroup, West Port, Ferrotech, and Legend Star, offering certified, high-quality solutions for industrial and commercial applications. Leading Manufacturers

1. Unigroup Unigroup manufactures a wide range of cable trays in the UAE, including perforated, ladder, wire mesh, and GRP (Glass Reinforced Polyester) systems. Their trays are engineered for fire resistance, corrosion protection, and long-term durability, complying with international safety standards. GRP cable trays are particularly noted for low thermal conductivity, no earthing requirement, and resistance to heat transmission, making them suitable for fire-sensitive installations in industrial and commercial projects .
2. West Port West Port specializes in fire-resistant cable trays designed to maintain structural integrity under high temperatures. Their systems focus on heat resistance, flame propagation limitation, and smoke control, with additional accessories like separators and cable basket components to localize fire sources. These trays are compliant with building codes and integrate with passive and active fire protection systems .
3. Ferrotech FRP Cable Trays Ferrotech offers FRP cable tray systems made from glass-armoured thermoset fire-retardant resins. These trays are anti-corrosive, UV-resistant, electrically insulating, and low in thermal conductivity, making them ideal for environments where metallic trays may corrode. They provide perforated and ladder-type trays with a full range of fittings and accessories to meet project requirements .
4. Legend Star Manufacturing LLC Legend Star produces trunking, ladder, and perforated cable trays with a focus on quality and compliance with BS 4678 & BS 50085 standards. Their systems are available in medium, heavy, and extra-heavy duty configurations, offering high strength, fire resistance, and efficient...
