

Unit Price of European-Style Cable Trays in Democratic Republic of Congo

AI Overview

The unit price of European-style cable trays in the Democratic Republic of Congo typically ranges from \$10 to \$25 per meter, depending on material, type, and supplier.

Price Overview European-style cable trays, commonly used in industrial and commercial electrical installations, are available in galvanized steel, stainless steel, aluminum, and sometimes glass-fiber reinforced plastic. The average price per meter for cable trays globally ranges from \$2 to \$25, with higher-end materials like stainless steel or heavy-duty ladder trays costing more. In the Democratic Republic of Congo, suppliers such as Brilltech Engineers Pvt. Ltd. and other local distributors offer galvanized and hot-dip galvanized trays, which are popular for their corrosion resistance and structural strength.

Factors Affecting Price

Material:

- Galvanized steel: moderate cost, durable, widely used
- Stainless steel: higher cost, corrosion-resistant
- Aluminum: lightweight, rust-proof, slightly more expensive than steel
- Glass-fiber reinforced plastic: non-conductive, chemical-resistant, niche applications

Tray Type:

- Ladder trays: support heavy cables, higher price
- Perforated trays: allow ventilation, slightly cheaper
- Solid bottom trays: less common, moderate price

Coating and Finish:

- Hot-dip galvanized (HDG) offers long-term corrosion protection but costs more
- Powder-coated or pre-galvanized trays are cheaper but less durable in harsh climates

Order Quantity and Shipping: Bulk orders can reduce per-meter cost, but import duties, freight, and local handling in Congo may increase the final price.

Local Market Insights Import data shows that Congo imported 158 shipments of cable trays under HSN Code 73089090 between July 2024 and June 2025, with suppliers from India, Peru, and Sri Lanka being major exporters. Local suppliers provide custom solutions and can deliver European-style trays with specifications tailored to industr...
