

Value of Huawei Optical Modules for Sale

AI Overview

Original Huawei optical modules typically range from \$50 to \$500 per unit, depending on type, speed, and certification.

Pricing Overview

The cost of Huawei optical modules varies based on module type, speed, and application:

- SFP GPON modules (Class C+/C++):** These modules, used for GPON OLT connections, generally cost \$50–\$150 per unit when purchased from authorized distributors.
- SFP+ and QSFP28 modules for switches:** Higher-speed modules for 10G, 25G, 40G, 100G, or 400G networks can range from \$200 to \$500 per unit, depending on specifications and certification.
- Specialized modules (XGS-PON, EPON, or DWDM):** Modules designed for advanced optical networks or long-distance transmission may exceed \$500 per unit.

Purchasing Options

- Authorized distributors:** Websites like [GenuineModules.com](https://www.GenuineModules.com) offer genuine Huawei modules with worldwide shipping and warranty support.
- Alibaba and other marketplaces:** Some suppliers provide original Huawei modules with 3–5 day shipping and OEM/ODM support, but buyers should verify authenticity and certification.
- Direct Huawei channels:** For enterprise customers, contacting Huawei sales or certified resellers ensures certified modules compatible with Huawei switches and OLTs, which is critical for network reliability.

Additional Considerations

- Certification:** Only Huawei-certified modules guarantee full compatibility and stable performance on Huawei switches and OLTs.
- Warranty:** Most original modules come with a 1-year standard hardware warranty.
- Shipping and delivery:** Many distributors offer fast shipping (1–5 days) with tracking numbers provided.

In summary, expect to pay \$50–\$500 per original Huawei optical module, with higher prices for high-speed or specialized modules. Always purchase from authorized distributors or certified resellers to ensure authenticity, warranty, and network compatibility.

SFP Huawei Pricing and Compatible Cost Optimization

SFP Huawei modules are generally positioned as premium networking components within the optical transceiver market, primarily due to their integration within the broader ecosystem of Huawei

Huawei SFP Optical Fiber Module

Product Description: Huawei SFP Module is a series of LAN stack modules from Huawei, China. It provides a wide range of Interface Type, including LC, SC and FC, suitable for both Data Center and

Optical Transceiver Market Insights and Growth Report

The optical transceiver market consists of sales of different rate optic transceivers such as 100GBase, 40GBase, 10GBase, 1000Base, and 100Base, in wave

Huawei Unveils StarryLink Optical Modules That Deliver

BARCELONA, Spain, March 6, 2025 /PRNewswire/ -- At the Mobile World Congress 2025 (MWC 2025), Huawei launched the StarryLink optical modules, designed to

Huawei Optical Transceiver eSFP Ge Multi-mode Module 850nm 0

Find many great new & used options and get the best deals for Huawei Optical Transceiver eSFP Ge Multi-mode Module 850nm 0 5km LC 2315204 at the best online prices at eBay! Free shipping for

Huawei Huawei Sfp Modules Price And Datasheet

Hi-Network offers both new and refurbished Huawei SFP Modules products, with global shipping available within 5-7 days from Hong Kong, China. You can also freely download the PDF data sheets

Huawei Optical SFP Modules

Find high-quality huawei optical sfp modules for reliable fiber optic communications. Shop our range of 10G and 25G transceivers for various applications.

Results for huawei Fiber optic modules

Looking for a good deal on huawei Fiber optic modules? Explore a wide range of the best huawei Fiber optic modules on AliExpress to find one that suits you! Besides good quality

Huawei Optical Modules and Cables

Buy Genuine Huawei Optical Modules and Cables from GenuineModules with best price and fast worldwide shipping.

Optical Modules in Intelligent Computing Scenarios

Huawei provides a full series of pluggable optical modules. A wide variety of modules give you flexible plug-and-play options for all types of interfaces.

Optical Transceiver Global Market Report 2026

The optical transceiver market consists of sales of different rate optic transceivers such as 100GBase, 40GBase, 10GBase, 1000Base, and 100Base, in wave lengths such as 850nm,
