

What are the manufacturers of Sri Lankan standard optical cables

AI Overview

Sri Lanka hosts several reputable optical cable manufacturers and suppliers, including Sierra Cables, ACL Cables PLC, DCL Engineering, Xyntac, Hyperjet Technologies, and T&G Lanka, offering a wide range of fiber optic solutions. Key Manufacturers and Suppliers Sierra Cables produces a diverse range of cables, including fiber optic options, emphasizing high quality, safety, and durability through advanced production processes and rigorous testing. ACL Cables PLC is the largest cable manufacturer in Sri Lanka, offering high-quality cables including advanced low voltage Cross Linked Polyethylene (XLPE) cables suitable for fiber optic applications. The company is known for innovation and a significant market presence. DCL Engineering (Private) Limited specializes in ICT technology and structured cabling solutions, including fiber optic systems, providing comprehensive solutions for telecommunications and networking projects. Xyntac, a global unit of Sri Lanka Telecom, focuses on digital communications and international networking solutions, operating major submarine cable systems like SEA-ME-WE 4 and SEA-ME-WE 5. Their offerings include carrier-grade connectivity services and International Private Leased Circuits (IPLC), ideal for secure data transmission. Hyperjet Technologies (Pvt) Ltd provides telecommunications equipment and FTTH solutions, emphasizing innovation and quality service to meet the needs of the telecom sector. T&G Lanka is a leading supplier of electrical and fiber optic cable systems, harness solutions, and connectors for space, telecommunication, and offshore applications. They offer turnkey solutions, from component procurement to final functional testing, and have manufacturing capabilities for large-volume production. Additional Considerations When selecting a supplier, consider factors such as warranty terms (typically 15-25 years), local tech...
