

Where can I find cable trays troughs

AI Overview

Cable trays and troughs can be purchased from suppliers like McMaster-Carr, Shilden, Legrand, Jinheng Electric, and CableOrganizer, offering a variety of types, materials, and accessories. Suppliers and Options

1. McMaster-Carr McMaster-Carr offers cord troughs and wire mesh trays suitable for routing cables and hoses in commercial or industrial settings. Their trays support up to 280 lbs per foot and include connectors, drop outs, and hanging hardware for flexible installation. They provide options for cutting, bending, and connecting trays to fit curves, slopes, and tees, making them ideal for accessible cable management.
2. Shilden Shilden specializes in trough cable trays with solid or partially enclosed bottoms, providing protection against dust, moisture, and physical damage. These trays are suitable for commercial, industrial, and data center installations, and the company offers various specifications to meet different project requirements.
3. Legrand Legrand provides Cablofil steel trough trays, designed for secure cable management where limiting access is important. Their products include a range of widths, heights, and lengths, along with compatible accessories. Legrand emphasizes quality and compliance with safety standards, making them suitable for industrial and commercial applications.
4. Jinheng Electric (China) Jinheng Electric manufactures a wide range of cable trays, including troughs, ladders, perforated trays, and wire mesh trays. They offer ISO-certified products and provide custom solutions for global customers. Their factory in Shandong Province is equipped with advanced machinery for high-quality production and timely delivery.
5. CableOrganizer CableOrganizer offers basket-style, ladder, solid, and snake trays for overhead or under-floor cable management. They provide solutions for both power and data cables, with options for color coding and bundling. Their products are suitable for both simple and highly customized installations.
