

Where to get fiber optic cables in Dominica

AI Overview

Dominica's fiber optic network is primarily served by Digicel and Cable & Wireless Dominica Ltd., with ongoing infrastructure projects enhancing connectivity across the island.

Key Fiber Optic Providers

Digicel Dominica operates an extensive and reliable fiber network, offering scalable broadband solutions for businesses and dedicated bandwidth for enterprise applications. Their services include speeds from 1 Mbps up to 1 Gbps, managed connectivity solutions, and nationwide coverage through fully owned networks and diverse subsea cables. Digicel provides 24/7/365 support, redundancy options, and Metro Ethernet solutions for private nationwide networks, making it suitable for banks, restaurant chains, and multi-location organizations in Dominica. Cable & Wireless Dominica Ltd., operating under the FLOW brand, is one of the island's oldest telecom providers. They offer broadband, mobile, and TV services, leveraging fiber optic infrastructure to enhance digital connectivity. The company has expanded its capabilities through acquisitions, such as Marpin 2K4 Ltd., consolidating services and improving network efficiency. FLOW focuses on community engagement and providing reliable telecom services across Dominica.

Infrastructure Projects

Recent fiber optic installation projects are being carried out by the Dominica Geothermal Development Company Ltd. (DGDC). For example, in March 2026, underground fiber optic cables were installed along a route from Trafalgar to Fond Cole, passing through key roads and connecting to DOMLEC in Fond Cole. These projects aim to expand high-speed connectivity to more areas and improve network resilience.

Additional Providers

Dominica also has a variety of smaller ISPs and service providers offering fiber optic connections, as listed in local directories. These providers cater to residential and business customers, often leveraging the main ne...
