

Which brand of 4U wall-mounted switch is good for project pricing

AI Overview

For cost-effective 4U wall-mounted switches, Netgear, TP-Link, and Ubiquiti are top choices, balancing reliability, compact depth, and budget-friendly pricing.

Key Considerations

When selecting a 4U wall-mounted switch for project pricing, consider:

- Rack Depth Compatibility:** Standard 4U wall-mount racks typically offer 12–17 inches of usable depth. Ensure the switch fits without requiring custom mounting.
- Managed vs Unmanaged:** Unmanaged switches like TP-Link TL-SG1024DE or Netgear GS324E are sufficient for static setups and are more budget-friendly, while managed switches (Cisco CBS, Ubiquiti USW-24-PoE) offer advanced features but cost more.
- PoE Requirements:** Calculate actual device power draw to avoid over-provisioning. For example, a 24-port 15.4W switch can deliver 369W, which may exceed your needs.
- Mounting Hardware:** Verify included rack ears and compatibility with standard 10-32 or M6 rack holes.

Recommended Brands and Models

Netgear Models: GS324 (24-Port Gigabit Unmanaged), GS308EP (8-Port PoE)

Pros: Affordable, reliable, supports wall or rack mounting, silent operation, energy-efficient

Best For: Small offices, basic network setups, cost-sensitive projects

TP-Link Models: TL-SG1024DE (24-Port Gigabit), TL-SG1016 (16-Port Gigabit)

Pros: Fanless, plug-and-play, sturdy metal design, low power consumption

Best For: Projects needing simple, reliable switches with minimal maintenance

Ubiquiti Models: USW-24-PoE, Cisco C1200-24P (for comparison)

Pros: Managed switches with PoE+, compact depth (
