

Which company in Taiwan makes electrical distribution boxes

AI Overview

Leading manufacturers in Taiwan include E-tan, Gainta Industries, Shin Chin Industrial, and various custom electrical enclosure providers. Key Manufacturers E-tan is a prominent Taiwanese manufacturer specializing in industrial enclosures, electrical boxes, junction boxes, control boxes, and wall boxes. They offer IP68-rated waterproof plastic enclosures, weather-resistant options for harsh environments, and precise machining services for custom designs. E-tan has over 25 years of experience in producing enclosures suitable for applications like smart aquaculture, renewable energy, and water treatment systems. Their products are available in various materials and sizes, with customization options for specific project requirements. Gainta Industries Ltd. is one of the largest enclosure manufacturers in Asia, with 30 years of experience in thermoplastic and aluminum enclosures. They produce plastic and aluminum cases, junction boxes, and packaging housings, designed to protect electrical and electronic components in hostile environments. Gainta offers OEM mold manufacturing and custom solutions for industrial and electronic applications. Shin Chin Industrial Co., Ltd. (SCI) has been operating since 1953 and manufactures terminal and junction boxes. They have a long history in electrical component production and provide a range of enclosures suitable for industrial and domestic applications. Custom Electrical Enclosure Providers in Taiwan, such as those listed on Sheet Metal Factory, offer electrical cabinets, boxes, and enclosures with full design and customization services. These companies typically provide one-stop solutions, including processing, assembly, and technical support, leveraging advanced equipment and experienced technical teams. Considerations for Selection Material: Plastic, aluminum, or metal enclosures depending on environmen...
