

Which company makes the best stainless steel cable trays

AI Overview

Top choices for stainless steel cable trays include Spina Group, TSA Industries, and Ghinox, each offering high-quality, corrosion-resistant solutions suitable for industrial, construction, and offshore applications. Recommended Companies

1. Spina Group (Schiavetti Tekno) Spina Group is an Italian manufacturer with decades of experience in industrial cable management. They offer stainless steel, galvanised, and wire-mesh cable trays in various types, including ladder, perforated, closed-bottom, and wire trays. Their products are designed for strength, corrosion resistance, and long-term performance, with compliance to EN and UL standards. They provide custom sizes, compatibility with Unistrut systems, and accessories like elbows, junctions, and covers for indoor and outdoor protection.
2. TSA Industries TSA Industries specializes in 304L and 316L stainless steel cable trays for construction and industrial projects. Their trays are robust, corrosion-resistant, and easy to install, offering long service life even in harsh environments. TSA emphasizes rapid availability, with dispatch within 48 hours, and provides technical support to ensure the right solution for your project. Their products are ideal for construction sites, factories, and buildings, ensuring cable safety and easy maintenance.
3. Ghinox Ghinox focuses on high-performance stainless steel cable trays for demanding environments such as offshore platforms, chemical plants, and hygienic food or pharmaceutical lines. They provide 316L and 304 stainless steel, with 316L preferred for chlorine-rich or marine environments due to superior resistance to pitting and crevice corrosion. Their trays are designed to handle heavy loads, dynamic stresses, and vibration, making them suitable for industrial plants, tunnels, and power facilities. Ghinox also offers full IEC compliance and MTC certification.
4. Other Industrial Suppliers Platforms like Direct...
