

Which fiber optic cable manufacturers are there in Suriname

AI Overview

Suriname currently has no listed fiber optic cable manufacturers, but companies like ABC Fiber NV and UCC provide deployment, installation, and related services. Key Companies ABC Fiber NV Founded in 2014, ABC Fiber NV is a Surinamese company specializing in the deployment, installation, and maintenance of optical fiber networks. The company also imports, sells, and rents energy, data, and telecommunication equipment, including fiber optic components. ABC Fiber collaborates with local and international partners to execute civil works and turnkey projects in telecommunications and energy sectors, emphasizing reliability, speed, and quality in service delivery. UCC Company UCC focuses on the design, construction, and maintenance of ICT infrastructure, including fiber and copper networks, cable television, telecommunications systems, and electricity distribution. While UCC does not manufacture fiber optic cables locally, it provides comprehensive services for network deployment and maintenance across Suriname. Market Overview The Suriname fiber optics market is projected to grow modestly, with growth rates increasing from 0.17% in the early period to 2.16% by 2028, reflecting gradual adoption of fiber optic technology in the country. The market is influenced by regional trends in Latin America, where countries like Brazil, Mexico, and Argentina drive innovation and infrastructure expansion. This growth indicates opportunities for service providers and importers of fiber optic equipment. Summary While Suriname does not currently have domestic fiber optic cable manufacturers, ABC Fiber NV and UCC Company are key players in the deployment, installation, and maintenance of fiber optic networks. Businesses seeking fiber optic solutions in Suriname typically rely on imported cables and local service providers for network implementation and...
